2007 Uni Info Days

Dates for the UTAS Uni Info Days this year are:

- **Hobart**: Sun., 19 August; 10.00am–3.00pm
- **Launceston**: Sun., 26 August; 10.00am–3.00pm
- **Cradle Coast**: Wed., 5 September, 5.00–9.00pm

This year’s Uni Info Days will include detailed course information sessions, as well as campus tours and guided tours of facilities. The Conservatorium of Music and the School of Art in Hobart will also be open (19 August), and the School of Visual & Performing Arts in Launceston will run scheduled tours (26 August).

Staff from the Student Recruitment team are very happy to assist interstate careers advisors or families planning to visit the Info Days – for example, with assistance in liaising with individual subject areas. For more information, phone the Uni Info Line on 1300 363 864.

Applications for 2008

The UTAS online system will be open for applications for 2008 from Friday, 3 August. Applications for the Bachelor of Medicine/Surgery close Friday, 28 September, but late applications may be accepted for other courses.

Contact the Uni Info Centre on 1300 363 864 for more information. Applications are made direct to UTAS through the website at www.utas.edu.au/apply

Scholarships

All interstate schools and colleges on the UTAS database will receive a scholarship package from the end of the first week of August. Notable scholarships for 2008 include Earth Sciences/Geology scholarships worth $15,000 per year. Australian Maritime College scholarships are also included in the 2008 information, due to the recent affiliation between UTAS and the AMC.

Information on the Scholarships website is now current for 2008. Go to www.scholarships.utas.edu.au

Why students choose UTAS

Staff in the Uni Info Centre have compiled some interesting new statistics from future students recently. Most enquirers were potential semester 2 applicants, and as the chart below indicates, there are pleasing responses coming through in relation to the University’s overall reputation, as well as its status in particular disciplines. The chart represents data from 284 enquirers, in response to the question ‘Why did you choose UTAS?’.
