Recruitment News

NEWS FROM THE UNIVERSITY OF TASMANIA FOR TASMANIAN CAREERS ADVISORS
JULY 2008

APPLICATIONS FOR 2009

Course applications for 2009 open on August 4th, 2008. For all UTAS courses students can apply online www.utas.edu.au/apply

Accommodation applications are now open so if you have students coming to UTAS in 2009 encourage them to apply now and not wait until they have their acceptance. Accommodation applications can be completed online www.utas.edu.au/accommodation

UTAS Scholarships 2009 booklets will be released in late July and sent to all career advisors. Online copies will also be available at www.studentcentre.utas.edu.au/scholarships

The Tasmania Scholarships Program is open and accessible with support for all students regardless of background. Apply online from August 4th. Applications for 2009 scholarships close on Friday 31st October 2008.

A Taste of Agricultural Science

The School of Agricultural Science will run an exciting event in August – a 'Taste of Agricultural Science' will showcase the importance of Agriculture and Agricultural Scientists and inspire anyone considering a career in this field. This free event will be held on Uni Info Day in both Burnie and Hobart and will allow visitors to experience up to 15 different examples of local agriculture in the form of tastings of local produce and hands-on activities. Interactive activities include; measuring for any residual sugar left in wine, examining the importance of your hand washing technique in relation to food safety and tasting the difference between grass and grain fed beef.

Hobart       Sunday 24th August 11am – 2pm, Life Science Foyer. BBQ lunch.
Burnie       Saturday 30th August, Cradle Coast Campus.

Health Science Taster Day

The School of Human Life Sciences, Launceston Campus will be holding a Taster Day for Senior Secondary students interested in health and science careers on Friday 5 September 2008. Students will be invited to apply for a place and will be asked to nominate four preferred taster sessions (each of one hour duration) throughout the day. The School of Human Life Science has programs ranging from Biomedical Science, Exercise Science and Environmental Health.

This is a fantastic opportunity to view the facilities and experience a taste of these exciting careers. For further information contact Sue Musgrave, on 03 63243934 or susan.musgrave@utas.edu.au.
