Why choose the University of Tasmania?

1. Excellence in teaching

The University of Tasmania (UTAS) is Australia’s fourth oldest university. It is Australia’s premier university for teaching excellence, recently receiving more teaching awards than any other Australian university.1 The QS World University Rankings By Subject has placed UTAS amongst the world’s top universities in a range of disciplines, with the University’s Earth and Marine Sciences, and Agriculture and Forestry placed in the top 100 in the world, and Sociology, Geography, Environmental Studies, and Philosophy in the top 200.2 Furthermore, the prestigious Academic Ranking of World Universities has us ranked in the top 300 universities in the world.3

2. World-class research

In 2015, UTAS was ranked in the top 2 per cent of universities, worldwide.3 The University’s rich portfolio of research excellence across a broad range of subjects has been highlighted by the Australian Government.4 In the same assessment, we received a rating of ‘at or above world standard’ in 18 broad fields of research — 86 per cent of submitted disciplines — and secured our place as head of the nation in geomatic engineering research, fisheries sciences, and journalism and professional writing. Students and researchers are also able to take advantage of more than 400 industry partnerships and collaborations in more than 117 nations around the world.

3. Scholarships and affordability

UTAS offers a range of generous scholarships schemes for international students. Tuition fees for international students are affordable and Tasmanian cities have a lower cost of living than most other cities in Australia which allows for a more enjoyable student lifestyle.

4. You’re not just a number

As a medium-sized university with approximately 38,000 students, UTAS provides smaller classes, personalized attention and ready access to lecturers and tutors for advice and support. Our dynamic international student body numbers around 4,400 students. We’re able to provide you with tailored services — and we’ll know you by name!

5. The real Australian experience

Tasmania provides an overwhelmingly English-speaking environment, and a traditional Australian culture, all in a stunning and fun-packed location. Our international scholars are able to interact with the friendly locals at university and throughout the Tasmania community, giving you a great opportunity to improve your English and career prospects while enjoying a true ‘Australian experience’.

4 Excellence in Research for Australia (ERA), 2015
The Tasmanian lifestyle

If you want a unique life experience, Tasmania is the place to study.

Imagine a vibrant student lifestyle, with cafes, restaurants and bars, a calendar jammed with music and arts festivals, historic cityscapes on the water, magical auroras, soaring snow-capped peaks, adrenalin-inducing adventure sports, World Heritage wilderness, sparkling beaches, and great shopping. Not to mention some pretty cute animals found only in Tasmania. With a roll call like this it’s not hard to understand why Tasmania is listed in Lonely Planet’s Top 5 Must Visit Destinations 2015 and as one of the Top Five Islands of the World by Travel and Leisure Magazine 2016. It’s simply an awesome place to be a student!

In and near the city

There’s plenty to do in Hobart and Launceston, whether it’s enjoying the vibrant cafe and restaurant scene, shopping, live music, cinema, theatre, live comedy, museums and art galleries. But we also have some amazing places close to our campuses to explore and entertain:

- MONA, the Museum of Old and New Art
- Cataract Gorge
- Mount Wellington
- Cascade Brewery
- Blue Derby mountain bike trails
- Bonorong Wildlife Rescue Sanctuary
- Hollybank Ziplining
Festivals
Tassie is well known for its year-round festival calendar, including:
- The Falls Festival
- Mona Foma
- Dark Mofo
- BOFA Film Festival
- Festivale
- Festival of Voices
- Taste of Tasmania
- Ten Days on the Island

Sport and adventure
Tasmanians love sport. But the state is also renowned for adrenalin-pumping activities, so be adventurous and give one a try!
- Canyoning
- Hiking
- Mountain biking
- Rock climbing
- Sailing
- Sea kayaking
- Surfing
- White water rafting

Nature and sightseeing
Tasmania is most famous for its nature with more than 42 per cent of the state protected in National parks and reserves. Locals, tourists and students alike love getting out to enjoy some of the popular destinations such as:
- Bay of Fires
- Bruny Island
- Cradle Mountain
- Tahune Forest Airwalk
- Three Peaks Walk
- Wineglass Bay
While exploring Tasmania, you’ll get to see many unique things:
- The Southern Lights
- Tasmanian devils
- Albino wallabies
- Pademelons
- Quolls
- Handfish

Shopping and markets
Whether it’s boutique fashion or organic food you’re into, Tassie offers something for every taste. You’ll find an eclectic range of markets to keep you entertained and your student house well stocked:
- Farmers markets
- Street food stalls
- Antique markets
- Flea markets
- Art and designer bazaars
- Swap meets

Food and beverages
Tasmania is famous for its gourmet dining. Some of the local specialties you can try while you’re here include:
- Abalone and lobster
- Cherries, berries and apples
- Wallaby
- Cheeses
- Wine, cider and whisky
- Leatherwood honey
The Palawa (Tasmanian Aboriginal) word for Tasmania is Trouwerner.

Tasmania is similar in size to the Republic of Ireland or Sri Lanka.

Hobart is the second-driest capital city in Australia. It receives about half as much rain per year as Sydney.

Tasmania has water so pure it produces the only bottled rain water approved by health departments around the world.*

Tasmania has water so pure it produces the only bottled rain water approved by health departments around the world.*

Tasmania is situated closer to the equator than Rome or Chicago.

Unlike Australia’s mainland states, Tasmania enjoys four true seasons — it’s possible to swim at the beach off the main campus in summer and make snowmen in winter!

The Tasmanian devil, which is only found in Tasmania, is the largest carnivorous marsupial.

The world’s first Green party formed in Tasmania in 1972.

More than 42 per cent of Tasmania is World Heritage Area, national park and marine or forest reserves.

Lomatia tasmanica, or King’s lomatia, is a self-cloning shrub found in Tasmania. Stands of the clone are believed to be as old as 43,600 years old, reputedly making it the world’s oldest living plant clone.

Tasmanians travel the shortest distances of any Australian workers between their homes and their jobs.

Tasmania has 69 golf courses — more per capita than any other state in Australia. It also has the oldest golf course in the southern hemisphere.

Hobart is home to Australia’s oldest working theatre, the Theatre Royal.

Tasmania has the largest lavender farm in the southern hemisphere, Bridestowe. It is home to Bobby, the famous lavender bear.

Actor Errol Flynn was born in Tasmania. His father was a biology professor at the University of Tasmania.

Australia’s first novel was published in Hobart in 1831.
Top fifteen things to do while studying in Tasmania

To make the most of your time in Tassie, we’ve made a checklist of just a few awesome things to do while you’re here. See if you can check them all off!

1. Get up close to a Tasmanian devil at Bonorong Wildlife Sanctuary
2. Experience an Aboriginal smoking ceremony on kunanyi/Mt Wellington
3. “Ride the sheep” to MONA – The Museum of Old and New Art
4. Party at the Falls Music Festival
5. Be wowed by the brilliant lights of the Aurora Australis
6. See pademelons in the snow at Cradle Mountain
7. Go whale watching off Bruny Island
8. Indulge your dark side at Dark Mofo Winter Solstice Festival
9. Take your selfie with picture-perfect Wineglass Bay as a backdrop
10. Zip through the treetops at Hollybank
11. Get scared on a night-time ghost tour of Port Arthur
12. Take a slide through Dismal Swamp
13. Visit a town called Penguin
14. Toboggan down Henty Dunes
15. Munch on a famous Tassie scallop pie
Airport pick-up

UTAS offers an airport pick-up service for all new international students arriving in Tasmania for the first time. You need to request this after you have confirmed your accommodation arrangements and at least three days before you are due to arrive. The service is free for students. However, family members or friends travelling with a UTAS student will also be transported for a small charge if space is available. Request your airport pick-up using the form available online at utas.edu.au/international-support/forms/airport-pickup-request.
The University of Tasmania’s main campus in Hobart is located in the suburb of Sandy Bay. Set on 100, sloping hectares, it has panoramic river and city views and is close to shops, transport, and entertainment. It is only a short walk to Hobart’s CBD and a quick drive to the airport.

Many of the University’s faculties are based at the Sandy Bay campus, and share close links with our city-based satellite campuses including the Conservatorium of Music, the Tasmanian College of the Arts, the Institute for Marine and Antarctic Studies (IMAS) on Hobart’s waterfront, the multi-million dollar Medical Sciences Precinct, and the Domain. The University of Tasmania is planning further expansion of facilities in the Hobart CBD, including the Academy of Creative Industries and Performing Arts to be built next to the Theatre Royal (Australia’s oldest theatre), and a media centre planned for Salamanca.

The Faculty of Science, Engineering and Technology (SET) has off-campus facilities in the south, including the University Farm near Richmond, which is the site for agricultural research. The University’s observatories and the Grote Reber Physics Museum are located at Cambridge, near Hobart, while a new optical telescope is located at Bisbee Tier, approximately 50 kilometres north of Hobart.
The University of Tasmania’s Newnham campus is a spacious, 50-hectare campus that overlooks the Tamar River. The Newnham campus is located a short drive or bike ride from Launceston’s city centre. It is serviced by regular public transport and is close to local shopping centres.

The Newham campus is home to the Australian Maritime College, Australia’s national centre for maritime education and training, which is renowned for its world-class teaching and research facilities.

The campus also features the Human Interface Technology Lab (HiTLab AU), the only facility of its kind in Australia. This teaching and research facility builds advanced human-computer interface technology that unlocks the power of human intelligence, improves quality of life and links minds globally.

The Inveresk campus is located adjacent to the Queen Victoria Museum and Art Gallery at the 17-hectare cultural precinct at Inveresk near Launceston’s inner city. The campus features award winning world-class facilities which are home to the Tasmanian College of the Arts and the renowned School of Architecture and Design.
Student support services

Whether it’s helping you to find your feet, make new networks, or get help with study, student support services are designed to enhance your student experience and promote your academic success.

**International Student Advisors (ISAs)**

ISAs offer free personalised support, advice and information about all aspects of university life and on any matters related to your life as a student.

**Learning development and language support**

Our team of staff and award-winning students provide a variety of free academic development, mentoring and study sessions to help you develop your academic and language skills and learn effectively.

**Personal counselling**

UTAS counsellors offer confidential and professional counselling to students experiencing academic, mental health and personal concerns.

**Spiritual and pastoral care**

Faith centres on the Sandy Bay and Newnham campuses support the spiritual well-being of all students. Prayer rooms and facilities for Muslim students and staff are at both our Sandy Bay and Newnham campuses.

**Health conditions and disability**

Practical assistance and support for any student with a permanent or temporary disability or health condition.

**Career development and employment**

Our dedicated careers team provides many services including iPrep — a work preparation and internship program for international students, assistance with resumes and preparing for interviews, an online job board, as well as job search advice and support.

**UTASLife**

Uni is more than just study. Whether it’s the UniGym for fitness and relaxation, meeting new friends and exploring Tasmania, or clubs and societies for expanding your interests, UTASLife has you covered.
The University of Tasmania has a suite of generous international scholarships and bursaries to attract talented undergraduate and postgraduate students from around the world.

**Tasmanian International Scholarship (TIS)**

Available only to international full fee-paying students, this scheme provides a 25 per cent reduction on published FSP or degree tuition fees for the duration of the course, providing you maintain satisfactory grades during your studies. This scholarship is available for most courses — please visit [utas.edu.au/students/international-scholarships](utas.edu.au/students/international-scholarships) to view the list of eligible courses. No separate TIS scholarship application form is required as your eligibility for this scholarship will be assessed automatically when your application to study at the University is processed.

**International Family Alumni Bursary**

If you are an international applicant whose parent, or sibling has studied at the University of Tasmania, you may be eligible for a 10 per cent fee reduction for the duration of your course.

You must fill out the Alumni Bursary Application, available at [utas.edu.au/students/international-scholarships](utas.edu.au/students/international-scholarships), to be considered for this fee discount.

Please note that if you are offered a TIS or FSP discount the alumni bursary will not apply.

**FSP to Degree Discount**

If you have completed the University’s Foundation Studies Program (FSP), the FSP to Degree Discount provides you with a 10 per cent discount on the registered tuition fees for your undergraduate degree.

This discount is available for all undergraduate degrees including an Honours program if applicable and applies from the start of your undergraduate degree. If you have already been offered a TIS or Family Alumni Bursary you are not eligible for the FSP to Degree Discount.

**International Postgraduate Discount**

If you are an international student who has completed an undergraduate degree at the University of Tasmania and are commencing a postgraduate coursework degree you will receive a 10 per cent fee reduction for the duration of your course. This is available for all postgraduate coursework courses.

For information on other scholarships please refer to [utas.edu.au/students/international-scholarships](utas.edu.au/students/international-scholarships) or email International.Scholarships@utas.edu.au.
Cost of living

As Australia’s premier regional study destination, Tasmania’s affordable cost of living makes it a great choice for any student wanting to enjoy a quality university destination on a budget. It is consistently shown to be one of the least expensive states to live in Australia.

Financial requirements for your visa

In order to receive a student visa, you must show you have the financial means to study in Australia, including your travel expenses, your first year of course fees and $19,830 living costs for 12 months. If family are traveling with you, you will also have to show:

- **Partner or spouse:** $6,940 extra
- **Per child:** $2,970 extra

Visit the Immigration and Border Protection website for more information: border.gov.au.

Rough guide to living costs

The following is a rough guide to living costs for Tasmanian international students. Of course, these will vary depending on your preferred standard of living.

**Accommodation**

- Hostels and Guesthouses: $90 to $150 per week
- Shared Rental: $85 to $215 per week
- Single Rental: $150 to $300 per week
- On campus: $146 to $213 per week
- Off-campus (university managed): $146 to 181 per week
- University Homestay: $270 per week

**Living expenses**

- Groceries and eating out: $80 to $200 per week
- Utilities: $12 to $20 per week
- Phone and Internet: $20 to $55 per week
- Public transport: $15 to $30 per week
- Car (after purchase): $150 to $260 per week
- Entertainment, sport, personal care: $60 to $150 per week
- Study expenses (books, photocopying, stationery, etc.): $800 per year

Students with families

The school-aged children of many international students enrolled at the University of Tasmania are required to pay tuition fees to attend a Tasmanian Government School. Some exemptions apply, including for the children of Australia Awards scholarship holders or students enrolled in postgraduate research degrees such as PhDs. For full information please visit the international students’ dependent students pages of the Tasmania Department of Education website at education.tas.gov.au.
Casual job opportunities

Over the past five years, the Tasmanian economy has grown steadily and there are now more opportunities for international students to find casual job opportunities, especially seasonal work in the tourism and agricultural sectors (for example, fruit picking). At the University of Tasmania, we encourage students to focus on their studies but recognise that having the opportunity to work in Australia can help you adapt to a new culture, improve your English and provide you with real life work experience to assist you when looking for a permanent job upon graduation.
University student accommodation

The University provides on-campus and off-campus student accommodation in Hobart and Launceston through Accommodation Services.

Whether you’re studying in Hobart or Launceston, there are a variety of on-campus and off-campus accommodation options to choose from. Most consist of single rooms with shared facilities, as well as six-bedroom apartments and a limited number of one and two-bedroom flats. In 2016, weekly rates ranged from $146 to $213 for on-campus accommodation and $146 to $181 for off-campus accommodation.

For more information and up to date rates, visit accommodation.utas.edu.au/university-accommodation.

Homestay

With homestay accommodation in both Hobart and Launceston you live with an Australian host so you can practice your English and learn more about Australian culture in a safe, caring and rewarding environment.

Please note that all students aged under 18 studying in Launceston are always placed in approved homestay accommodation.

For more information about homestay accommodation, see utas.edu.au/accomm/homestay.

Under-18 accommodation

If you are under 18 and will be studying in Launceston, you can stay in homestay accommodation. Please refer to the homestay information in this section.

If you’re under 18 years of age and will be studying in Hobart, you can live in homestay or at Springvale Hostel. Springvale provides top quality accommodation for international high school, college and university students and a safe, fun learning environment.

For information about under-18 accommodation, see utas.edu.au/accomm/under-18.

Shared rental accommodation

Sharing a rental house off-campus with other students is a popular option for many university students. Shared rental accommodation is advertised on noticeboards around the university (especially the Tasmanian University Union Building), and also on websites such as flatmates.com.au.

The following suburbs are generally close to our campuses with ready access to transport which you might wish to consider as starting points: Hobart and Sandy Bay campuses — Battery Point; Dynnyrne; Hobart CBD; Sandy Bay; North Hobart; South Hobart; West Hobart

Newnham and Inveresk campuses — Invermay; Mowbray; Newnham; Alanvale; East Launceston; Launceston CBD

Private rental housing

If you’re coming with your family, your own rental property is a good option. Private rentals are advertised by local estate agents or online at realestate.com.au/rent.

Arranging accommodation

You need to make your own arrangements for accommodation and ensure you have somewhere to stay for when you first arrive in Tasmania.

If you want to apply for on-campus accommodation you should apply as early as possible — at least three months before you arrive.

If you are interested in shared or private rental housing it is usually better to wait until you arrive in Tasmania but at the same time have some temporary accommodation arranged for your arrival.

Want more information?

If you have any further accommodation questions you can contact Accommodation Services at enquiries@accommodation.utas.edu.au.
The University of Tasmania’s English Language Centre (ELC) offers a variety of English language programs taught by fully qualified, highly committed teachers. These include direct entry English programs into degree courses and IELTS preparation.

The English Language Centre is a member of English Australia and is a registered IELTS testing centre. All courses are regulated by the Australian Government agency TEQSA (Tertiary Education Quality and Standards Agency).

While you are studying with us you will have access to all University of Tasmania facilities and services available to our other university students as well as student discounts for things like transport, accommodation, books, cinema, and sport.

English Language Programs

UTASAccess — Direct Entry
UTASAccess — Direct Entry is an alternative English language pathway into an undergraduate or postgraduate degree at the University of Tasmania. It is taught at both the Hobart and Launceston campuses.

This multi-level program provides 20 hours per week of intensive English language tuition for pre-intermediate to advanced learners. Each level comprises a five-week module. You must achieve a set mark before you can progress to successive levels.

Subject to your assessed English level, you can start at any of the available UTASAccess Levels (see Table 1, on page 17). Depending on your intended degree, completion of either Level 6 or Level 7 with the required pass marks satisfies the English requirement into all University of Tasmania courses, including those at the Australian Maritime College. See Pathways to University diagram on page 18.

Please refer to the pages 31–32 or visit utas.edu.au/courses to confirm the English language requirements for your intended degree.

utas.edu.au/elc/direct-entry-academic-program

UTASAccess — Maritime English Direct
This course is for students needing to meet English requirements for entry into the Australian Maritime College. It is only taught at the Launceston campus.

As a UTASAccess — Maritime English Direct Entry student you will attend UTASAccess classes and have access to maritime English materials to enhance your understanding of maritime industry terminology and communications.

utas.edu.au/elc/maritime-english-courses

UTASAccess — English
UTASAccess-English is designed to meet the needs of a broad range of English learners, whether you need to improve your skills for further study, career, travel opportunities or just out of interest.

This multi-level program provides 20 hours per week of intensive English language tuition for pre-intermediate to advanced learners.

On successful completion of the course students receive a certificate of completion and a transcript.

</table>

* Level 1 is taught at a pre-intermediate standard. Students with lower scores therefore may take longer to meet progression requirements.

** Successful completion of Level 5 will satisfy the minimum English language requirements for the Foundation Studies (Standard) Program at UTAS.
The University of Tasmania’s Foundation Studies Program (FSP) has been designed for those of you who’d like to start an undergraduate degree but who don’t yet meet the academic requirements.

Successful completion of the Foundation Studies Program with the GPA score required by the faculty you wish to enter will provide you with direct entry into your chosen degree at the University of Tasmania (entry is not guaranteed for Nursing, Medicine and Pharmacy due to the limited number of places available for these courses).

**Course structure**

You choose to study one of three streams, based on the degree you intend studying:
- Arts and Law
- Business
- Science, Health and Engineering

You will undertake two compulsory units — English Studies; and Ideas and Critical Thinking — and then undertake a number of electives based on the stream you choose.

Information on the above-mentioned elective options is available at: [utas.edu.au/foundation-studies](utas.edu.au/foundation-studies).

**Entry requirements**

The English language requirement for the Foundation Studies Program is a minimum overall IELTS score of 5.5, with no individual band score less than 5.0, or TOEFL/PTE equivalent.

**Alternative entry**

If you haven’t met the English requirements for FSP you can enrol in the UTASAccess language course at the English Language Centre (see page 16). The length of study will be determined by your level of English at enrolment and the time taken to attain success at Level 5 of the UTASAccess course.

For example, if you have IELTS 5.0 and no band less than 4.5 you will be placed in Level 4 and you can enter the FSP with a minimum of ten weeks’ study if you achieve the required results at Level 5. However, be prepared to take further modules at the same level if you aren’t successful.

If you successfully complete the UTASAccess program at Level 5 you can enter the FSP directly with no further IELTS testing required.

**Foundation Studies Program High Achievers Scholarship**

High Achievers Scholarships provide 50 per cent off FSP tuition fees and are available to high-performing Foundation Studies Program students.

For further information on our scholarship and bursary offerings, please go to page 11.

**Pathways to University**
Study abroad and exchange

Whether you want to study for a semester with us here in Tasmania or you are enrolling full-time at the University of Tasmania and want to study some subjects overseas, we have something to help you expand your academic and personal horizons.

To Tasmania

Inbound study abroad and exchange students study for one or two semesters at UTAS choosing from a range of subjects across the University.

If your current university has a formal exchange agreement with the University of Tasmania, you can study with us as an inbound exchange student.

Whether your university has an agreement with UTAS or not, you can still study with us for one or two semesters as a fee-paying study abroad student. We also offer a range of study abroad certificates allowing you to focus on a particular theme. For full details, see utas.info/studyabroadcertificates.

From Tasmania

Current UTAS international students can get a truly global education by taking advantage of our outbound Student Exchange Program. Study for a semester or two at one of our 160+ partner institutions across 30 countries around the world to really expand your academic experience and career opportunities.

Our current international students can apply for scholarship funding to assist with your Study Exchange Program expenses, including airfares and accommodation.

For more information about all your options, contact our Student Mobility Officer: student.mobility@utas.edu.au.
Your study options

The University of Tasmania offers a wide choice of generalist and specialist degrees at undergraduate and postgraduate levels. It also offers sub-degree pathway programs and English language programs. Not all courses are offered at every campus — for more information, see table on pages 23–30 or visit utas.edu.au/courses.

English Language Programs
Whether you want to improve your English to qualify for further study, or to enhance job opportunities, or just out of interest, we have a program to suit you.

UTASAccess-Direct Entry is designed for international students intending to enter an undergraduate or postgraduate degree at the University of Tasmania who do not yet meet the University English language entry requirements.

UTASAccess-Maritime English Direct Entry course is designed for students on pathways to courses at the University’s Australian Maritime College (AMC).

UTASAccess-English is designed to meet the needs of a broad range of English learners. Whether you need to improve your skills for further study, career, travel opportunities or just out of interest, a UTASAccess-English course can provide today’s global citizen with the necessary tools for effective communication.

Foundation Studies
If you would like to embark on an undergraduate degree but don’t yet have the academic skills to do so, the Foundation Studies Program provides you with the academic skills to move on to an undergraduate degree. For more information about Foundation Studies, see page 18.

Undergraduate
An undergraduate degree is typically a three year, full-time course. In addition to face-to-face classes, we also offer distance study options for some courses to international students based outside Australia. For many courses there is a range of units available over the summer, spring and winter breaks. Many of our courses are accredited and professionally recognised by industry and professional bodies in Australia and abroad. Professional recognition of degrees in areas such as accounting, engineering, business, IT, law, health or education is necessary to work in these fields, and graduating with a University of Tasmania degree in these fields allows you to pursue rewarding careers in these professions.

Honours
Honours can help you gain deeper knowledge in your specialist undergraduate area. The additional honours year can mean you start your career higher up the ladder and progress in your career faster. It can also lead to postgraduate study and a career in research or academia.

Masters by Coursework
Postgraduate degrees vary in duration and offer a variety of exit options including graduate certificates, graduate diplomas, and masters.
Depending on the course you choose, your masters by coursework degree may be by course work only, or a combination of coursework and research. Many of our postgraduate coursework programs are accredited and professionally recognised by industry bodies in Australia and abroad. Professional recognition of University of Tasmania master degrees in such areas as accounting, engineering, business, IT, health or education enables you to take your careers to new heights.

Double or Combined Degrees
Double undergraduate degrees merge the core requirements of two different degrees. This lets you graduate with the equivalent of two undergraduate degrees faster than it would take to do two separate degrees.
Double degrees can give you greater depth of knowledge in more than one field and multidisciplinary skills. This gives you more career options.
If you’re academically capable and want to challenge yourself, a double degree is an ideal way to get the most from your time at university.

Postgraduate degrees by Research
Postgraduate degrees by research (masters or PhD) are known as Higher Degrees by Research (HDR).
Prospective candidates considering a higher degree by research should have previous undergraduate or postgraduate qualifications including a substantial research component or project.
Should you be interested in studying an HDR, you can explore your options at utas.edu.au/GR or contact graduate.research@utas.edu.au.
Your study options

The University of Tasmania offers a wide choice of general and specialized degrees at undergraduate and postgraduate levels. It also offers sub-degree pathway programs and English language programs and all courses are offered on our Launceston campus — for more information, see pages 23-30 or visit utas.edu.au/courses.

English Language Programs

Whether you want to improve your English for further study or to enhance (or re-boost) your skills, UTAS Access-English is designed for international students intending to enter an undergraduate or postgraduate degree at the University of Tasmania or who do not meet the University English language entry requirements.

The UTAS Access English Direct Entry course is designed for international students that wish to commence an undergraduate or postgraduate degree at the University of Tasmania and who do not meet the University English language entry requirements. The UTAS Access English Direct Entry course is designed for international students intending to enter a UTASAccess English language program and who do not meet the University English language entry requirements.

Degree programs can be completed in one to four years, depending on the student’s entry qualifications and the program. Students entering the University may pursue a wide range of courses, from a specialist field to a multidisciplinary skill set. This gives students the flexibility to pursue their career goals.

Undergraduate

An undergraduate degree is typically a three-year full-time course. In the first two years, you’ll take a range of core subjects and in the third year, you’ll specialize in your area of study. Many undergraduate courses are available for part-time study, enabling you to continue working while studying.

Bachelor of Music

Studios in various music disciplines such as performance, composition, musicology and music education. Students are required to submit a certified DVD or CV of recent performance/s.

Bachelor of Fine Arts

In the fields of Art and Design, Fine Art, Theatre and Media. Students will be required to submit a portfolio or current work and may be required to prepare for an interview.

Bachelor of Media

Studios in film, television, radio, print and online media. Applicants are required to submit a portfolio and curriculum vitae. See website for more details.

Bachelor of Social Work

Studios in social work and related fields. Students are required to submit a portfolio or current work and may be required to prepare for an interview.

Bachelor of Business Administration

Studios in business, IT, health or education. Students are required to submit a portfolio or current work and may be required to prepare for an interview.

Bachelor of Applied Science (Nautical Science)

Studios in navigation, ship handling and sea rescue. Students must gain employment as a trainee deck officer with a shipping company. IELTS 5.5 (no band less than 5.0).

Bachelor of Applied Science (Maritime Engineering)

Studios in marine and offshore engineering. Students must gain employment as a trainee deck officer with a shipping company. IELTS 5.5 (no band less than 5.0).

Bachelor of Engineering (Marine and Offshore Engineering) (Honours)

Studios in marine and offshore engineering. Students must gain employment as a trainee deck officer with a shipping company. IELTS 5.5 (no band less than 5.0).

Double or Combined Degrees

Double undergraduate degrees are established in cooperation with other universities or with industries. This gives you the opportunity to study two separate disciplines. Double undergraduate degrees offer greater depth of knowledge in two areas of study and maximum flexibility. This gives you the flexibility to choose your career path.

Master of Business Administration

Studios in accounting, marketing, human resources and strategy. Students are required to submit a portfolio or current work and may be required to prepare for an interview.

Master of Social Science

Studios in social science and related fields. Students are required to submit a portfolio or current work and may be required to prepare for an interview.

Master of Science

Studios in science and related fields. Students are required to submit a portfolio or current work and may be required to prepare for an interview.

Honours

Studios in specific fields of study. Students are required to complete a thesis or dissertation. IELTS 7.0 (no band less than 6.5).

Temporary certificate of graduation is accepted for up to one year from date of issue.
How to apply

**STEP 1**
Choose and research your course
Choose the course that you want to study at utas.edu.au/courses.

**STEP 2**
Prepare your documents
Prepare electronic copies of the documents you need to complete your application. These may include:
- Evidence of your English Language proficiency (e.g. IELTS or TOEFL)
- Evidence of your academic qualifications, and
- Evidence of your previous studies if you are applying for recognition of prior learning.
All the documents provided must be the original document or a certified copy.
Delays in processing times will be affected if all documents are not provided on initial application.

**STEP 3**
Lodge your application
You either:
(a) **Apply online at international-applications.utas.edu.au**
Our International Admissions team will contact you if we require any further information from you.
(b) **Apply through an authorised UTAS agent**
IMPORTANT: If you, or your agent, submits an application without all the documents then there will be delays to the processing of your application.

**STEP 4**
Accept your offer
On receipt of your offer follow the instructions to accept.
