<td>1:20-2:50</td>
</tr>
</tbody>
</table>

### Specific Focus for Flexitime:
- Developing a unit of work from the measurement strand with a focus on proportional and mathematical reasoning.
- Maths 300 + other resources.

### Summary of how time was used

- Examining new planning program
- Planned the basic structure of our unit.
- Using this
- Explored Maths 300 and other resources to find a unit of work suitable.
- Have decided on what we will use as a planning starter ⇒ "Dream Home on a Budget".

*Now need to actually plan it!*
