

MARIJKE SCHURER

REGISTERED NURSE, WEST COAST

ABOUT THE WEST COAST

The West Coast covers an area of 9,575 km² and includes the towns of Strahan, on Macquarie Harbour; Queenstown (with a District Hospital); Zeehan; Tullah; and Rosebery (with a medical practice).

Known for its magnificent mountains, lakes, rivers, rainforests, dunes and historic sites, the West Coast also boasts vibrant mining and fishing industries.

Despite the highest rainfall in the state, the clean air, mild climate and commitment to community make the West Coast a great place to be.

Be sure to bring wet weather gear and be careful on the windy roads, especially during winter.

ABOUT ME

I am a Registered Nurse, graduating from UTAS Launceston at the start of 2013. My graduate year was at West Coast District Hospital in Aged Care after which I moved to the acute side of the facility. I now work across Aged Care, Acute, Community Nursing and A&E.

My husband and I moved to Queenstown 4 ½ years ago for work and have settled well into the community. I am interested in community nursing and seeing students do well on their placements. Outside work, we are busy renovating the house we bought 3 years ago - top to bottom renovations, they call it!
