## Statement of Co-Authorship

**IMPORTANT INFO**

There are two template co-authorship statements below:

1. **To be signed by all authors and this is submitted by the candidate to their School.**

   Where research papers are to be included in a thesis, use this form to document the contribution of the authors to the research paper. This form is to be submitted by the candidate to their School and a copy is to be retained on organisational unit files.

2. **To be signed by the Supervisor and Head of School only.**

   Where research papers are included in a thesis, use this template to document the contribution of the authors to the research paper. This will be used by the Thesis Examiner to assess whether the contribution of the candidate was sufficient justify inclusion of the paper in the thesis. This form is to be included within the thesis.
Where research papers are to be included in a thesis, use this form to document the contribution of the authors to the research paper. This form is to be submitted by the candidate to their School and a copy is to be retained on organisational unit files.

The following people and institutions contributed to the publication of work undertaken as part of this thesis:

Name and School = Candidate
Name and institution, Supervisor (if applicable) = Author 1
Name and institution = Author 2
Name and institution = Author 3
Name and institution = Author 4
Name and institution = Author 5

The candidate must, for each paper, list all authors and provide details of their role in the published work. Where possible, also provide a percentage estimate of the contribution made by each author.

Author details and their roles:

(Examples)

Paper 1, <title>:
Located in chapter 1
Candidate was the primary author and with author 1 and author 2 contributed to the conception and design of the research project and drafted significant parts of the paper
Candidate contributed approximately 60% to the planning, execution and preparation of the work for the paper
Author 4 contributed to the conception and design of the project and the analysis and interpretation of the research data
Author 5 contributed to the conception and design of the project and drafted significant parts of paper

Paper 2, <title>:
Located in chapter 3
Candidate was the sole author on this paper

Paper 3, <title>:
Located in chapter 5
Candidate was the primary author and contributed 75% to the planning execution and preparation of the research project and subsequent paper
Authors 3, 4 and 5 contributed to the analysis and interpretation of the research data and contributed to the interpretation of the work by critically revising the paper

We the undersigned agree with the above stated “proportion of work undertaken” for each of the above published (or submitted) peer-reviewed manuscripts contributing to this thesis:
