Welcome to the February edition of UTAS eNEWS. We hope you had a lovely Summer break!

UTAS eNEWS is sent out every February, April, June, August and October; the next edition will be coming out in the middle of April.

If you are changing your email address or know someone who would like to be on this mailing list, please email Fiona.Symons@utas.edu.au.

We hope that you find UTAS eNEWS a valuable resource.

**NEW 2010/2011 UNDERGRADUATE COURSE GUIDE**

The 2010/2011 Undergraduate Course Guide (pictured) is currently being printed and copies will be mailed to your school in March.

The Course Guide provides comprehensive information about all of our undergraduate degrees (including intakes, ATAR scores, areas of study, career opportunities, further study options and sample course structures), as well as information about the facilities on each of our three campuses, scholarships, accommodation options, pathways to university study and campus culture.

We hope you and your students find it an easy-to-use and informative publication.

---

**2010 CAREER ADVISOR SYMPOSIUM**

The 2010 UTAS Career Advisor Symposium will be held next month, with the main Symposium day taking place at the Sandy Bay campus on Friday 19 March.

Approximately 25 interstate Career Advisors will be joining Tasmanian senior secondary Career Advisors for workshops, tours of facilities and networking opportunities.

Highlights of this year’s program include a tour of the new $40 million “Medical Sciences 1” facility for medical education and research, a workshop at the ARC Centre of Excellence in Ore Deposits, and presentations about the new Bachelor of Behavioural Science and the new suite of Education courses.

Invitations have been sent to all Tasmanian senior secondary Career Advisors and the RSVP deadline is Wednesday 17 February. Please contact Teisha Westwood on telephone: (03) 6226 2543 or email: Teisha.Westwood@utas.edu.au if you are yet to RSVP.

---

**UTAS COLLEGE**

The UTAS College Pilot Project was introduced to Tasmanian senior secondary schools in 2008, with a focus on providing talented students with the opportunity to gain a taste of university study while completing their Tasmanian Certificate of Education (TCE) or International Baccalaureate (IB).

Initially offering languages and creative arts units, the Project now spans a range of subject areas across the University, and is offered through a variety of delivery methods.

Students participating in the UTAS College Pilot Project have the benefit of gaining a taste of university life; completing UTAS units while still in year 11/12; accessing UTAS facilities including the library and online resources; saving on HECS fees, as UTAS College Project units are offered with HECS Scholarships; and in many cases, making a head start on their UTAS qualification.
Information about the range of subjects available in the UTAS College Project for 2010 can be found online at www.utas.edu.au/utas-college or you may wish to talk to the team in the UTAS College office, by phoning 6324 3343.

NEW COURSES FOR 2010
To meet public and industry demand, UTAS are now offering a range of new and expanded undergraduate and postgraduate degree programs, including:

Australian Maritime College (AMC)
Bachelor of Applied Science (Marine Engineering) (J3W)

Masters of Creative of Media Technology (K7S)

For more information about these and all courses offered at UTAS, visit www.courses.utas.edu.au or call 1300 363 864.

UTAS ONLINE
UTAS is part of broadcasting website YouTube and social networking site Facebook.

“UTAS – a day in the life of a student” is a 7 minute movie providing a fun and informative overview of a typical day as a UTAS student. Clips about accommodation options, the Law School and general information are also available on the University’s YouTube page. To view the clips, visit www.youtube.com/user/UniversityOfTasmania.

Careers Advisors, future students and members of the community can also now become “fans” of UTAS on the social networking site, Facebook. To join the University of Tasmania group, visit Facebook (www.facebook.com) and search for “University of Tasmania”, or use the link from the Future Students homepage www.futurestudents.utas.edu.au.
