

**SCHOOL OF
ACCOUNTING &
CORPORATE
GOVERNANCE**

**Research Seminar Program
Semester 2, 2006**

**School of
Accounting & Corporate
Governance**

University of Tasmania

The Research Seminar Program in the School of Accounting & Corporate Governance at the University of Tasmania is part of our commitment to scholarship in accounting, corporate governance and related fields.

The primary importance of research in the School led to the establishment of the Research Seminar Program as a forum for staff and visitors to present papers and discuss ideas.

We always welcome the submission of papers to be considered for presentation as part of our Research Seminar Program.

For information about our Semester 2 2006 program, please contact:
