## Hints on using a Metro timetable

The sample timetable shown below contains the main features of a Metro timetable. Each of these features is explained in the arrowed boxes.

List of suburbs/localities serviced by this timetable. Includes final destination as shown on 'destination blind' on front of bus. Some timetables show all the suburbs/ localities

List of routes for this timetable. Contains route numbers (shown on 'destination blind' on front of bus) and short versions of the route descriptions. These versions show enough information so that routes can be separated. Outward direction is shown, unless route operates inwardly only. Full route descriptions are available at the back of the Metro Timetable Book.

Direction of service: outward - from Hobart; inward - to Hobart.

Timing points. Departure termini have times shown in **bold**, and the stop is shown when services depart from a bus station. Landmarks, cross streets, bus stops and service termini are used as timing points. Route descriptions and the Tasmanian Towns Street Atlas can help in locating timing points. If a service passes a timing point, a time is shown; if a service does not pass a timing point, no time is
