

University of Tasmania

Application for Student Residential Parking Permit

Accommodation Services Hobart Students ONLY

In accordance with University By-Laws, University Council may allow the issue of permits to park vehicles on specific parts of University land. The General Conditions on the reverse of this form provides an overview of the student parking permit regulations on campus. For specific details of parking regulations, offences and penalties, please refer to the:

- University By-Laws (<http://www.utas.edu.au/universitycouncil/legislation/bylaws/bylaws.html>); and the
- Asset Management Services (AMS) website (<http://www.utas.edu.au/dept/ams>).

Please note: This permit grants permission **only** for use of the parking space which matches the permit number on this form **or** a designated permit only space which **is not numbered**. Parking in any other parking space is not granted by this application and may result in the issuing of an infringement notice. The permit is non-transferable and is to be returned at the end of residency each year. If the permit is not returned at the conclusion of residency, a \$20 fee will be deducted from the residential bond. Please advise of any change of vehicle during the year.

Applicant Details	Name	
	School/Section	
	Student No.	
	Contact No.	

Car Details	Make (eg Ford)	
	Model (eg Falcon)	
	Colour	
	Registration No.

GENERAL CONDITIONS FOR ISSUE OF STUDENT RESIDENTIAL PARKING PERMITS (HOBART) (Please retain for reference)

Please note: The following additional information is to be noted in conjunction with the University By-Laws (<http://www.utas.edu.au/universitycouncil/legislation/bylaws/bylaws.html>).

The University of Tasmania provides limited parking as an amenity for Accommodation Services residents. The issuing of a parking permit is granted by the University as a benefit for students on condition that:

- Permission is granted only for the use of the parking space which bears the same number as the parking permit **or** a designated permit only space which **is not numbered**.
- The permit is displayed at all times in accordance with these conditions and the University By-Laws (<http://www.utas.edu.au/universitycouncil/legislation/bylaws/bylaws.html>) and the conditions listed below. (Please refer to the University Bylaws and AMS Website (<http://www.utas.edu.au/dept/ams>) for more information on regulations, offences and penalties.)

Eligible Students and Costs

Students resident in Christ College, John Fisher College or the University Apartments are eligible to apply for a Residential Parking Permit. Due to the limited number of available parking spaces, the allocation of a parking space cannot be guaranteed. A permit will only be issued for a designated, numbered parking space.

If the permit is not returned at the end of the period of residency, a \$20 deduction will be made from the residential bond. If the permit is lost, a \$20 charge will be made for replacement of the permit (to allow for a one-off printing cost) and will be payable before a new permit is ordered. For the period of time between when a new permit is ordered and when it becomes available, the resident must apply for a temporary permit or risk the issuing of an infringement notice.

Designated Parking Areas

Parking areas within the University are indicated by signs and roads marked with coloured dots to indicate the type of parking permitted;

Blue - voucher parking; **Yellow** - free parking; **White** - staff permit holders; **Green** - student resident permit holders.

Student Residential Parking Permits allow for parking in **green dot marked spaces only**. A number of spaces within the Accommodation precinct and Campus generally are reserved for specific uses such as Visitor Parking Areas, Staff Parking Areas, Commercial Vehicle Loading Zones, University Service Vehicles or School vehicles and are **NOT** available for student parking and may result in the issuing of an infringement notice. Parking within a Student Residential Parking zone in an unintended manner, for instance several cars in ranked rather than parallel parking is prohibited in accordance with the University By-Laws. Other areas may have time limits. It is the responsibility of the vehicle driver to note all signs and park accordingly as it may be necessary to make changes or close areas at any time.

A number of spaces are reserved for people with special needs or a short-term incapacity. These are of two types, both of which require a permit. Those marked with wheelchair symbols are compliant to Australian standards for users of wheelchairs while those indicated with a green and white sign " **ACCESS PARKING** " and no wheelchair symbol are normal parking spaces reserved for people with a temporary incapacity but not requiring wheelchair access.

It should also be noted that for safety reasons, State Law and the University By-Laws require a clear vehicular access to be maintained at all times to all buildings within the Campus and Accommodation Services precinct. Parking spaces and zones have been laid out to comply with this requirement. Any vehicle which is parked compromising these safety requirements will be issued with a parking infringement notice and may be towed away at the owners expense if necessary.

Display of Permit

All Residential Parking Permits must be clearly displayed on the bottom left side of the front windscreen, on a clear untinted area and be clearly visible from the outside of the vehicle. The permit number must correspond to the parking space or an infringement notice may be issued. If for any reason you are unable to display your permit you should park in a no-permit holder zone or risk the possibility of receiving an infringement notice. The permit is **NOT** valid for use on any other part of the Sandy Bay campus or any other campus.

Issuing of Infringement Notices

Any appeal against the issue of an infringement notice must be in writing to the Parking Office in either Hobart or Launceston. Appeals must be lodged within FIVE days of the infringement issue date. Infringement notices will not be withdrawn if issued in accordance with the University By-Laws and these General Conditions.

The following examples are not valid reasons for withdrawal of a parking infringement notice:

- Non-display of a permit
- Parking in a voucher zone without display of a valid voucher or with an expired voucher
- Parking in a disability parking space without a University Access Permit
- Parking in a numbered parking space which does not correspond to the one to which access has been granted
- Parking causing an obstruction or in an area not marked or indicated for the parking of vehicles such as lawns, footpaths or gardens.
