Residential Student Parking Permit

Students occupying the student residences on the Newnham Campus are eligible to apply for a Residential Parking Permit.

Holders of a residential Student Parking Permit may hunt for a parking space in the residential parking area.

Holders of a residential Student Parking Permit are not entitled to park in staff permit areas.

Holders of a residential Student Parking Permit are not entitled to park in a voucher controlled parking areas unless displaying a current voucher on the dashboard.

Application for a Residential Student Permit must be approved by the Student Accommodation Officer on the Newnham Campus.

Residential Student Parking Permits are not transferable

Designated Parking Areas

Parking areas within the University are indicated by signs and roads marked with coloured dots to indicate the type of parking permitted;

Blue - voucher parking; **Yellow** - free parking; **White** - staff permit holders; **Green** - student resident permit holders.

Student Residential Parking Permits allow for parking in **green dot marked spaces only**. A number of spaces within the Accommodation precinct and Campus generally are reserved for specific uses such as Visitor Parking Areas, Staff Parking Areas, Commercial Vehicle Loading Zones, University Service Vehicles or School vehicles and are **NOT** available for student parking and may result in the issuing of an infringement notice. Parking within a Student Residential Parking zone in an unintended manner, for instance several cars in ranked rather than parallel parking is prohibited in accordance with the University By-Laws. Other areas may have time limits. It is the responsibility of the vehicle driver to note all signs and park accordingly as it may be necessary to make changes or close areas at any time.

A number of spaces are reserved for people with special needs or a short-term incapacity. These are of two types, both of which require a permit. Those marked with wheelchair symbols are compliant to Australian standards for users of wheelchairs while those indicated with a green and white sign " **ACCESS PARKING** " and no wheelchair symbol are normal parking spaces reserved for people with a temporary incapacity but not requiring wheelchair access.

It should also be noted that for safety reasons, State Law and the University By-Laws require a clear vehicular access to be maintained at all times to all buildings within the Campus and Accommodation Services precinct. Parking spaces and zones have been laid out to comply with this requirement. Any vehicle which is parked compromising these safety requirements will be issued with a parking infringement notice and may be towed away at the owners expense if necessary.

Display of Permit

All Residential Parking Permits must be clearly displayed on the bottom left side of the front windscreen, on a clear untinted area and be clearly visible from the outside of the vehicle. The permit number must correspond to the parking space or an infringement notice may be issued. If for any reason you are unable to display your permit you should park in a no-permit holder zone or risk the possibility of receiving an infringement notice. The permit is **NOT** valid for use on any other part of the Sandy Bay campus or any other campus.

Issuing of Infringement Notices

Any appeal against the issue of an infringement notice must be in writing to the Parking Office in either Hobart or Launceston. Appeals must be lodged within FIVE days of the infringement issue date. Infringement notices will not be withdrawn if issued in accordance with the University By-Laws and these General Conditions.

The following examples are not valid reasons for withdrawal of a parking infringement notice:

- Non-display of a permit
- Parking in a voucher zone without display of a valid voucher or with an expired voucher
- Parking in a disability parking space without a University Access Permit
- Parking in a numbered parking space which does not correspond to the one to which access has been granted
- Parking causing an obstruction or in an area not marked or indicated for the parking of vehicles such as lawns, footpaths or gardens.
