

The Good News

- Changes to BCMS are minimal
- New Chart of Accounts allows greater expense analysis
 - User will have to select a coding type eg: Travel
 - The coding type will suggest all of the relevant natural accounts

The Bad News

- One extra button press
- Additional steps to fully utilise the new natural accounts

The Good News

- Changes to OneStop are minimal
- There may be some new transaction codes
- Finance will set up most of the changes in the background

The Bad News

- There is no bad news

The Good News

- Invoices will be scanned
- Overseas Invoices will be reflected in AP and scanned
- People payments will be scanned and attached to the AP record

The Bad News

- Maybe not all invoices will be scanned on 1/1/10
