

PROFESSIONAL DEVELOPMENT LEAVE FOR GENERAL STAFF

July 2009

PRINCIPLES GOVERNING PROFESSIONAL DEVELOPMENT LEAVE FOR GENERAL STAFF

What Is Professional Development Leave?

Professional Development Leave provides an opportunity for general staff members to gain new skills through a carefully planned and individually tailored program of activities and aims to:

- Provide an opportunity for general staff to gain new experience or skills development not available in the workplace,
- Facilitate new work contributions by the staff member,
- Generate new ideas and approaches to a familiar set of responsibilities.

What Can Professional Development Leave Be Used For?

Professional Development Leave may be sought to:

- Attend short courses, workshops, seminars and conferences of demonstrated direct relevance to the work of the staff member,
- Undertake a brief series of visits to other institutions or employers to observe work practices and establish relevant senior contacts,
- Gain relevant additional work experience with another employer either on secondment or as part of an exchange.

Priority will be given to those applications which demonstrate consistency with the University's strategic goals and to the achievement of Budget Centre plans and objectives.

Funds will not be provided for retrospective PDL programs.

What Can't Professional Development Leave Be Used For?

Professional Development Leave cannot be used to:

- Undertake programs of staff development that would normally be funded from the budget centre to support operational performance management objectives.
- Reimburse budget centres for the wages of staff who are absent from the workplace undertaking professional development activities.
- HELP expenses.
- Expenses associated with University studies where there is no proven linkage between the course of study, the staff member's position and the contribution of the course of study to the strategic objectives of the University.

Who Can Apply For Professional Development Leave?

Staff members who wish to apply for Professional Development Leave must be:

- Members of general staff, who hold
- Continuing or fixed-term appointments and have been employed by the University for at least twelve months.

No reapplication will be allowed within two years of completing a previous period of Professional Development Leave.

When Can Staff Apply For Funding?

The round will be advertised in early August, with a closing date of 31 August 2009. Staff will be notified by bulk email. Funding will be provided for professional development opportunities for which expenditure can be made this year. However, approval may be given to carry over funds to 2010 if participation in a PDL program or activity to be undertaken in 2010 requires application to be made in 2009.

Who Will Fund Professional Development Leave?

It is expected that the primary source of funds will be provided by the applicant's Budget Centre. The central staff development fund will contribute to the Professional Development Leave program by providing up to 50% of the funding for each application. The maximum central contribution is \$1,500 per submission. Where no financial contribution is made by the Budget Centre, the applicant will be ineligible for central funding. No provision is made for the funding of costs for spouse or dependent expenses.

How Much Professional Development Leave Can Staff Members Apply For?

Staff can apply for up to two weeks paid Professional Development Leave. PDL Programs involving overseas travel will require appropriate justification.
