

# Understanding Dementia MOOC

## **Massive Open Online Course (MOOC)**

Do you want to learn from neuroscientists, clinicians, people living with dementia, carers and other experts from the Wicking Dementia Research and Education Centre?

Are you interested in engaging with the international community to discuss the major issues surrounding dementia, and ways to improve quality of life?

Then join over 140,000 people from all walks of life who have already benefitted from this FREE 7 week online course.

The Understanding Dementia MOOC runs every February and July.

**Enrol today, it's free**
