BODY PUMP
This workout challenges all your major muscle groups by using the best weight room exercises like squats, presses, lifts and curls. Great music and your choice of weight to inspire you to get the results fast!

CORE
This program is the ultimate way to get a tight and toned core. With dynamic training that hones in on your abs, glutes, back, obliques and “slings”connecting the upper and lower body. This workout will leave you looking good and feeling strong.

CROSS PUNCH
A boxing style class that involves traditional boxing and MMA combinations, suitable for all levels of fitness. For hygiene purposes all participants must wear cotton gloves during the class. Inners are available from reception for a minimal fee.

CROSSTRAIN
Expect fun cardio to tough strength work, and even some moves from our other timetable classes. The variety involved will keep the body guessing.

HIIT
High intensity interval training. Guaranteed to make you work hard. Strength and conditioning based, these classes vary, but included battle ropes, kettlebells, dynamic body weight movements, weight and cardio training.

SPRINT
High intensity interval training, using an indoor bike. To reach that endorphin high we combine bursts of intensity with periods of rest to prepare you for the next effort. A high intensity, low impact workout built to improve your cardiovascular, metabolic, and musculoskeletal fitness.

YOGA
Combines the traditional principles of Yoga with slow movements and stretching. Great for increasing flexibility and balance, relieving stress and promoting relaxation.

ZUU
A training style based around “primal pattern” body weight exercises. High intensity full body workouts with very specific sequences. Every workout targets all major and minor muscle groups while engaging both the anaerobic and aerobic systems.
