

Dean's Honour Roll Criteria

Eligibility

To be eligible for inclusion on the Dean's Honour Roll, a student must:

- be graduating from an undergraduate or postgraduate course offered by the Tasmanian School of Business and Economics, with all units contributing to the fulfillment of the requirements for that course;
- achieve an average grade of **6.25 or higher** in their degree;
- not be awarded a faculty pass or failing grade (including Withdrawn deemed failed (WN))

Eligibility is also subject to meeting the criteria below:

1. Courses with a minimum of 8 units or 100 credit points are to be considered for eligibility.
2. All University of Tasmania units from incomplete degrees which count towards the degree should be included in the GPA calculation (eg advanced standing for specified units from one UTAS degree to another should be included).
3. The Dean's Honour Roll is based on approved units at the University of Tasmania, which includes units taken as approved overseas exchange units.
4. A student's eligibility is subject to the discretion of the Dean. The School reserves the right to remove a student from the Dean's Roll if the student was placed on the Dean's Roll through administrative error or if the student has been found guilty of academic misconduct during their degree.

Eligible combined degree students may be placed on the Dean's Honour Roll for both faculties.

Calculation of Grade Point Average (GPA)

The method for calculating the GPA is based on allocating a mark to a grade as follows:

- HD = 7
- DN = 6
- CR = 5
- PP = 4

The weighting of units studied is added together and divided by the total of the marks allocated to the grades (above).

The result UP (Ungraded Pass) is not included in GPA calculations.

These criteria will be applied to Dean's Honour Roll decisions for graduates from the 2015 academic year onwards.
