MASTERS BY COURSEWORK PROGRAMS ELIGIBLE FOR LPDP SCHOLARSHIP

MARINE
- Master of Applied Sciences (Marine Environment) with Honours
  - Fisheries management
  - Aquaculture
  - Marine Conservation
  - Aquatic Animal Health
- Master of Marine and Antarctic Science

MARITIME
- Master of Engineering (Maritime Design)
- Master of Marine Engineering (Naval Engineering)
- Master of Marine Engineering (Technology Management)
- MBA Maritime and Logistics Management
- MBA Marine Environment and Management
- MBA Maritime Technology Management
- MBA Shipping and Maritime Management

EDUCATION
- Master of Teaching (in either Primary and Secondary)
- Master of Education - Teaching English to Speakers of Other Languages

HEALTH
- Master of Biomedical Science
- Master of Pharmaceutical Science
- Master of Professional Psychology
- Master of Psychology (Clinical)
HIGHER DEGREES BY RESEARCH

MARINE

- Sustainable fisheries and aquaculture
- Coastal and estuarine ecology
- Ecosystem and marine systems modelling
- Change in the marine environment
- Marine biodiversity
- Southern Ocean marine habitats
- Sea ice biota ecology and productivity
- The Antarctic environment
- Oceans governance and policy, and
- Bio-security and seafood product supply chain

MARITIME

- Surface and underwater vehicle hydrodynamics
- Ocean renewable energy
- Marine modelling
- Marine engine performance
- Fluid-structure interactions
- Maritime transport logistics
- Maritime safety including human factors
- Maritime emergency and crisis management

HEALTH

- Prevention and Management of Chronic Disease
- Healthcare and Support Services
- Neurosciences and Cognition
- Dementia
- Cross-Theme Projects

EDUCATION – Faculty Research Groups

- Arts and Creativity
- Education Learning and Teaching
- English Literacy
- Inclusive Education
- Lifetime Health & Physical Activity
- Mathematics and Science Education
- Rural & Regional Education
- Sustainable Education
