“Thank you for letting me listen to my heart. I learned lots from you.”

Participant who attended a Rural Clinical School Primary School Education Programme

Primary School Education Programmes

The College of Health & Medicine's Rural Clinical School offers education programmes for both primary and high school students covering a wide range of topics which correlate with the national curriculum.

Our programmes can be delivered at your school or at either of our campuses.

Our aim is to raise students' interest in health and health careers.

Our Campuses

We have two campuses: one in Burnie located between the North West Regional Hospital and the North West Private Hospital and one in Latrobe at the Mersey Community Hospital.
**Links to the National Curriculum**

Our programmes link to content within the Australian Curriculum (Health and Physical Education). Specific examples are:

**Strand:** Personal, Social and Community Health

**Focus Areas:**
- Being healthy, safe and active
- Communicating and interacting for health and wellbeing
- Contributing to healthy active communities

**Strand:** Movement and Physical Activity

**Focus Areas:**
- Moving our body
- Understanding movement
- Learning through movement

Our programmes also address elements of the General Capabilities, particularly:
- Personal and social
- Critical and creative thinking and
- Ethical understanding

**What we offer**

In primary schools or at the Rural Clinical School:
- Healthy eating
- Hygiene
- Smoking and alcohol
- Hearts and other useful organs
- Beating germs – hand hygiene and surgery
- Mental health and wellbeing
- Sprains and breaks

At the Rural Clinical School using the simulated hospital setting:
- Hospital experiences
- Bandaging with bears

As spaces are limited, please contact the Community Engagement Team for available dates and to book your visit.
