

Bachelor of Education (Applied Learning) EAL112/104

Professional Experience 1:

A Guide to Expectations

The first Professional Experience (PE1) in the Bachelor of Education (Applied Learning) program provides pre-service teachers the opportunity to become familiar with the school context and the work of a teacher in a school. They will observe and develop their understanding of the way students learn. PE1 primarily involves active observation, discussions with the supervising teacher, and initial teaching experiences. PE1 is conducted over the course of 10 days, on a full-time basis.

What to do in the first five days

- Review the Professional Experience 1 report with your supervising teacher.
- Undertake *active observation* of teaching strategies, lesson planning, and the students within the classroom or learning space.
- In consultation with your supervising teacher, develop and reflect on a class data profile to inform your observations and support lesson planning.
- Plan, implement and evaluate at least one learning activity for an individual student, and/or a small group of students
- Take responsibility for delivering instructions to the whole group on at least one occasion
- Under the supervising teacher's guidance, review and implement the school's positive behaviour support strategies.
- Plan several whole class lessons in consultation with your supervising teacher for implementation during days 6-10 of the placement (at least one lesson per day). You should plan for these lessons to be 20-30 minutes long.

What to do in days 6-10

Continue as for days 1-5, plus:

- Work toward responsibility equivalent to a 0.2 FTE teaching load.
- Plan, implement and evaluate a whole class lesson in consultation with your supervising teacher.
- Evaluate own teaching and reflect on areas for further learning
- Undertake focused discussions addressing the supervising teacher's approach and plan to meet the diverse needs of students.
- Undertake focused discussions on and/or engage in opportunities relating to:
 - The provision of feedback for students;
 - Formative and summative assessment;
 - Consideration of student learning needs
 - Current professional learning needs and goals

Supervising teacher: Complete the PE1 Final Report at the end of the 10 days.

Please note:

- Throughout PE1, pre-service teachers should engage fully in the life of the school, participating in staff meetings and professional learning opportunities, as well as joining in extracurricular activities as appropriate.
- Pre-service teachers must ensure confidentiality regarding information about the school, its students and personnel.
- It is expected that both oral and written feedback is provided by the supervising teacher, in a way that is agreed upon by the supervising teacher and pre-service teacher.
- The supervising teacher maintains duty of care for the class at all times and should not leave the pre-service teacher/s unattended in the classroom for any period of time.
- Pre-service teachers are encouraged to adopt the instructional model and approach to planning supported by the supervising teacher/school. The University does not require the use of a specific template for planning or reflection.
- There is some flexibility around the timing of these expectations, depending upon the pre-service teacher's capacity to undertake increased responsibility in the classroom and the supervising teacher's /pre-service teacher's needs at that time. Ideally though, pre-service teachers will have an opportunity to carry out each of the tasks listed above at a mutually convenient time within the placement.

Documentation

Throughout PE1, pre-service teachers are expected to maintain a comprehensive observation file and a reflection journal in a format that best meets their individual needs. These documents should provide a foundation for routine discussion with the supervising teacher and for assessment of the pre-service teacher. In addition, pre-service teachers are expected to maintain a resource file including school policies and learning resources. Pre-service teachers are not required to submit planning to the University. Files and documentation may be viewed if/when practicum visits are conducted by the University mentor, noting that University mentors only conduct school visits during PE1 when requested to do so by the supervising teacher or pre-service teacher.

Cautionary Advice Notice

If at any point during placement the supervising teacher, university mentor and/or pre-service teacher have concerns that one or more of the standards in the assessment report would not be met by the end of the placement, it is vital that the Cautionary Advice Notice (CAN) be completed in collaboration with the above parties, and returned to the Coordinator, Professional Experience as soon as possible. Doing so will ensure that appropriate support is provided by Faculty of Education staff for both the pre-service teacher and supervising teacher. The CAN form is also included in the initial documentation that is emailed to the school. For more details and to download the CAN form, see: https://www.utas.edu.au/data/assets/pdf_file/0010/985510/Cautionary-Advice-Notification.PDF

Assessment

Pre-service teachers will be assessed against focus areas of the Australian Professional Standards for Teachers. The descriptors in the PE1 final report are reflective of the desired levels of achievement for a PE1 placement; we do not expect a pre-service teacher to perform at 'Graduate Level' at this stage of their program. The PE1 Final Report is included in the documentation pack that is emailed to the school prior to the commencement of the placement. This report must be completed in full, with signatures, achievement indicated for all descriptors, and the number of days on placement confirmed. Written feedback from the supervising teacher and reflective comments from the pre-service teacher in the report is valuable. Please complete the report on the final day of the placement or as soon as possible after the placement is completed. The pre-service teacher takes responsibility to upload the final report to the Education Professional Experience MyLO site (our learning management system). The supervising teacher, school, and pre-service teacher should keep a copy of the reports for their own records.

Course Structure

For more information on the Bachelor of Education Applied Learning study pathways, see: https://courses.its.utas.edu.au/_data/assets/pdf_file/0015/233610/2022-43F-Bachelor-of-Education-Applied-Learning-Course-Planner.pdf

Support and Contacts

The Professional Experience Mentor is an experienced educator who liaises between the University, the Education setting and the Pre-Service Teacher. Whereas the Professional Experience Office is responsible for the administrative and logistical aspects of the placement, the Professional Experience Mentor is the first point of contact for supporting the Pre-service Teacher and Supervising Teacher through the placement experience and assessment. Subject to the timing of placement arrangements being confirmed, the Professional Experience Mentor is generally allocated 2 weeks prior to the placement commencing and will contact the Pre-Service Teacher and Supervising Teacher via email prior to the commencement date to introduce themselves.
