72% of energy used in University-managed vehicles and facilities was electricity.

The equivalent to the electricity use of 5,557 average (4 people) Tasmanian houses.

Energy use (fuels and electricity) per area for UTAS facilities:

- < 500 MJ/m² (UFA): Domestic Arts Bldg, Arts and Riawunna, TUU Student Union, West Park, Newnham, Sandy Bay.
- > 3,000 MJ/m² (UFA): Corporate Services Bldg, IMAS Taroona site, ISD & Apartments 1,2, Sandy Bay, Taroona, Sandy Bay.

* UFA = Usable Floor Area

467,414 L of fuel used in UTAS managed vehicles, enough to fill an average car’s tank 8,500 times.

20% of energy used at UTAS was natural gas, the equivalent of cooking 2,100,000 lamb roasts.

Simple Actions Towards Sustainability
