REGISTERED NURSE, FLINDERS ISLAND

ABOUT FLINDERS ISLAND

Flinders Island is located in Bass Strait. It has a small community of around 800 people who are predominantly farmers of sheep and cattle. It is a spectacular island surrounded by many beaches and full of friendly locals and wildlife.

ABOUT RURAL PLACEMENTS

A rural placement offers you:

- First-hand experience of a rural lifestyle and work environment
- Exposure to a more diverse range of experiences
- Extra support including learning and teaching, social and accommodation support
- Opportunities to connect with other students
- Potential job opportunities – there is a shortage of rural health professionals ... experiencing rural practice and engaging with the community could entice you to work here
- An opportunity for so many great experiences and to see and do things that you otherwise might not

ABOUT ME

I moved from Hobart and have lived on Flinders Island for two years. I work as a shift worker at the Flinders Island Multipurpose Centre

Previously I have worked in multiple Emergency departments around Australia.

I love the island for all the nature and outdoor experiences it has to offer. I enjoy fishing and diving, swimming in the ocean and spending time with my family.
