

SHARE YOUR THOUGHTS ABOUT THE FUTURE OF NEWNHAM

The University's move to Inveresk involves the relocation of the core of learning and teaching, but also strengthening our AMC and research presence at Newnham. It provides the opportunity to reimagine how the community could use the area in the future. Potential future uses include a mix of developments, facilities, and services supporting the people who live, work and visit.

Let us know your thoughts on how you'd use the area in the future and what facilities and spaces would benefit you or encourage you to visit.

Where possible, feedback will be considered and integrated in the next stage of the ongoing master planning process and shared in September 2023 as part of a Planning Scheme Amendment for the proposed rezoning to enable future site uses.

Meet our Planners

Come and hear from urban design consultants, Hassell Studios, on the process they have undertaken so far, what a master plan looks like and what it all means for our city!

Monday 29 May
6-7:30pm

Futures Isle
4/120 Invermay Road,
Invermay
