UNIVERSITY PREPARATION PROGRAM

LIVE. LEARN. DO.
Do you want the support to succeed at university?
The University Preparation Program (UPP) will build your academic skills and your confidence, so that you can succeed at university. If you don’t currently meet the entry requirements for your chosen course, the UPP can provide you with an alternative entry pathway into university. The UPP is open to everyone and will enhance your experience of student life.

Learn the skills, confidence and knowledge required to be successful at university.
The UPP teaches you how to learn in a university environment; how to write and speak for university (e.g. essay writing, referencing, group work and presentations), to think critically, and to develop problem solving skills. UPP prepares you for further study and develops your understanding of university life and culture.

Successfully complete the course and you will qualify for General Entry into University College or the University of Tasmania.
To complete UPP you will undertake eight units - six core units and two elective units. These units cover the essential skills and knowledge you will need to perform successfully at first-year university level. Successful completion of the UPP will qualifying you to meet the General Entry Requirements for a University of Tasmania undergraduate degree or associate degree in University College.

DILIP’S STORY
STUDENT, UNIVERSITY PREPARATION PROGRAM
"I have learnt many useful academic skills from the University Preparation Program and feel proud to be a university student."

Dilip said the key to successfully juggling work, study and family is good time management to ensure balance.

“And try to build a strong foundation before starting the course. The University Preparation Program course is a good course to start with if you need it.”
