

UNIVERSITY of  
TASMANIA

## Rural Clinical School

# Health Careers

## Practical Skills Workshop Year 10 students

The day involves a series of workshops which focus on dealing with emergencies; dealing with illness and health beyond the emergency room; choosing a health career and how do you get there?

Learn more about health career study paths and opportunities, course information and scholarships – as well as what to expect in Year 11 & 12 from local college students.
