

Award

Subject: RCPA Scholarships in Pathology for Medical Schools
Approval Date: July 1999, December 2007, March 2011
Review Date: November 2015
Review By: BEA
Number: 4/1999

The Council of the Royal College of Pathologists of Australasia has endorsed the following Guidelines for this scholarship:

1. One scholarship will be made available annually to the parent Medical School of every university in Australia and New Zealand having a Medical school. Universities which have more than one campus holding a Medical School will be offered the award for each main campus.
2. The scholarship, in the sum of AUD\$2,000, will be offered to a student undertaking the Bachelor of Medicine (or equivalent) degree course.
3. In addition, two scholarships, each to the value of AUD\$1,000, will be available to the Faculty of Medicine of the University of Papua New Guinea. One scholarship to the value of AUD \$1,000 will be available to the Fiji School of Medicine and one each for Malaysia, Singapore and Hong Kong (value AUD\$1000), for the same purpose. Funding for this award is from the ER2 account.
4. The scholarship will be offered annually for a project associated with pathology, jointly developed by a student and supervisor and designed for the duration of one elective term or the duration of the Bachelor of Medicine (or equivalent) degree course.
5. The scholarship may be supervised by more than one supervisor, but at least one supervisor must be a Fellow of the Royal College of Pathologists of Australasia.
6. The successful applicant will be selected on a competitive basis by the Head of Pathology, or equivalent, and selected on the basis of an application outlining the project, not exceeding 200 words.
7. The project design should be such that the student learns the principles of the scientific method in the practice of Pathology.
8. Previously successful applicants may not reapply.
9. The Royal College of Pathologists of Australasia must be acknowledged in any publication arising from the scholarship.
10. The scholarship should be awarded prior to the commencement of the elective term in the Bachelor of Medicine, or the Bachelor of Medical Science (or equivalent) degree course, unless otherwise specified by the Medical School.
11. The Board of Education and Assessment of the Royal College of Pathologists of Australasia should receive a formal report on the project following its completion.
