| Indonesia, Malaysia, and China | April 2016 | **Indonesia** – Agreement signing with LPDP, Indonesian Endowment Fund. Provides sponsorship opportunities for Indonesian students to study at UTAS.  
**Malaysia** - Agreement signing with partner university, Malaysian University of Science and Technology.  
**China** – Australia Week in China, trade mission. Participated in the 'International Education’ stream of this program with federal ministers, delivered public lecture at University of the Chinese Academy of Sciences, agreement signing with Shandong University Weihai, launch the joint Sino-Australia Westa College, and attend the 110th anniversary of partner Southwest University. |
| (Austria) Czech Republic, Italy, (Switzerland), Germany, United Kingdom, and USA | August – September 2016 | Purpose of the Mission was to:  
- View universities’ systems, specifically the community college model.  
- Look at the student experience including student accommodation.  
- Examine Associate Degrees, Schools’ Outreach.  
- Examine the overall Science, Technology, Engineering and Mathematics (STEM) build at universities.  
- sign a Memorandum of Understanding (MoU) with Scripps Institution of Oceanography, a specialist Institute of UCSD, La Jolla in California; and  
- Further develop discussions in relation to the MoU.  
**Austria** – transit point to Brno, **Czech Republic**. Visit to Mendel University, Brno, campus design for Arts and STEM buildings.  
**Italy** – Visit to the University of Bologna, case study of campus design.  
**Switzerland** – transit point to access Freiburg **Germany**. Visit to Freiburg university, to examine the role of technical campuses in Germany, associate degree structures. In Germany also visited Bremen University.  
**United Kingdom** - Meetings with partner universities including King’s College, London for the formation of a partnership agreement, host an alumni function.  
**United States of America** – visits to key institutions for discussions relating to understanding community colleges and the pathway programs into universities – Scripps, UCSD, Arizona State, University of North Carolina. |
| Hungary, (Switzerland), Germany and UK | November 2016 | The purpose of the Mission was to:  
- Provide the opportunity for the University and the Hobart City Council to collaboratively explore university cities and how strong partnerships between universities and cities can create social, cultural and economic benefits and act as catalysts for regional rejuvenation and growth.  
**Switzerland** – transit point to Freiberg, **Germany**- Following the conference, the mission travelled to Freiburg, Germany to further explore the concept of university cities through dialogue with civic and university partners and potentially investigate opportunities for civic relationships.  
- Freiburg City, exemplifies the ‘university city’ concept and best practice in sustainability, innovation, regional development and urban renewal.  
**United Kingdom** – Visit to Cambridgeshire, England, illustrates how city deals can bring together university infrastructure programs and the leveraging of national policy priorities and funding opportunities. |
| France and UK | January – February 2017 | Purpose of this mission was to identify strategic opportunities in France, develop the strategic partnership with King’s College London, introduce Hon Angus Taylor |
to Cambridge City Deal and exemplar STEM infrastructure – the Francis Crick Institute.

**France:**
- Meet with in-country consultant to discuss opportunities for student recruitment and partnerships in France.

**United Kingdom:**
- Consolidate strategic partnership with King’s College London
- Join Hon Angus Taylor, MP, Assistant Minister for Cities, on a strategic visit to Cambridgeshire and the Cambridge City Deals project.
- Facilitate a visit to the Francis Crick Institute for the Assistant Minister and staff to explore an exemplar of STEM infrastructure that epitomises the role universities can play in cities, large and small.
- Host a dinner for the Assistant Minister and key UTAS alumni.
