# Scholarships at the University of Tasmania

We offer more than 400 scholarships across all areas of study. They can help you access a degree, cover the costs of moving from home, pay for your accommodation, and much more.

## Support to Study Scholarship Package

Our program supports all students who have the potential to succeed at uni. You don't need to have a high ATAR, or have participated in higher education before.

Our Support to Study Scholarship Package takes into account your financial barriers, location and distance from campus, and personal circumstances. Many of these scholarships are made available through the generous support of donors to the University of Tasmania.

So that you can be considered, we encourage you to complete the Support to Study questions when you apply to study with us.
