Panduit ONE Partners

2020

Panduit ONE Partner Program

In addition to ensuring ACMA licensing obligations for cablers, all contractors conducting works on University of Tasmania Structured Cabling Systems shall be a Panduit ONE Partner.

Warranty

The University of Tasmania requires that all telecommunications cabling being installed into new and re-furnished buildings are installed with a 25-year Panduit Certification Plus System Warranty.

Certification Plus System Warranties are only available when installed by a Panduit ONE Partner.

The site supervisor for cabling installations must be a Panduit Certified Technician.

Program Tiers

UTAS requires cabling installers to be either a Gold, Silver or Registered Panduit ONE Partner.

Registered Companies must receive written approval from Panduit prior to bidding on tenders.

Panduit ONE Partner certificates must be provided with tender submissions.
