

Procedural Skills for Abdominal Emergencies

Date: 29 June 2024

Time: 9am – 5pm

Where: University of Tasmania, Medical Science Precinct, 17 Liverpool Street, Hobart

Cost: \$780 (GST Inclusive) includes all refreshments and learning materials.

Facilitators

- Professor Richard Turner, FRACS, Professor of Surgery, University of Tasmania School of Medicine, General Surgeon
- General Surgery Fellow

ACRRM and RACGP QI&CPD points can be claimed for this course.

This is a rare opportunity for Medical Practitioners wishing to further develop their skills in assessing and managing acute abdominal conditions in remote locations. This one-day workshop will enable you to observe and practice operative techniques on human tissue with particular focus on:

- Assessing the acute abdomen
- Abdominal anatomy
- Acute appendicitis
- Skills for appendicectomy/
Open appendicectomy
- Other emergency abdominal procedures such as damage control laparotomy, bowel resection, and stoma formation.
- (Peri)operative troubleshooting/
Postoperative management
