

How to activate your Zoom account

This article describes how to activate your Zoom account, which you will need to do once before you can run a meeting or webinar.

- To activate your Zoom account, open your web browser and go to <https://utas.zoom.us/>
- Click Sign In

- Your Zoom account will be activated automatically, and you'll be taken to your Zoom Profile page. Customize your Zoom Profile page -- for example, choose a photo of you to display when you join a meeting and can't use video.
- If you have a previously used Zoom with your UTAS email account either via a free or paid subscription you will be sent an email with instructions to merge these accounts. This email may take 30 minutes to arrive in your inbox.
- If you are using a non-UTAS PC you may be prompted to enter a 'Domain' the domain to enter is 'UTAS' this will ensure you can activate via Single Sign-on.
