

NT Health Partnership

Pricing valid for 2023 only

The University of Tasmania and NT Health have partnered together to offer a range of fee waivers for postgraduate courses to eligible employees of NT Health.

For more information, visit
utas.edu.au/health/study/partners/nt-health

Our Partnership

THE 'NESTED PATHWAY'

This nested pathway must be followed in order to receive the indicative partner pricing. To maximise your partnership benefit, please commence your studies with us at the **Graduate Certificate level***.

Postgraduate courses available with a Partner Price include Nursing, Dementia Studies, Clinical Pharmacy, Healthcare Redesign, Leadership (Health and Human Services) and Midwifery.

*Pricing T&Cs

- Pricing is indicative only and subject to individual unit selection – visit the university Course & Unit Handbook for individual unit pricing.
- Pricing is based on students following the 'nested pathway' approach pictured above (completing Graduate Certificate prior to Graduate Diploma or Masters)
- Partner Pricing will still be available where credit is granted, please refer to your enrolment invoice for exact pricing.
- Students must pay Student Services and Amenities Fee (SSAF) utas.edu.au/students/admin/ssaf/fee-schedule
- All fees are subject to annual CPI increases
- Student Eligibility Requirements apply to the Partner Pricing Student Fees (for eligibility, see here or visit the partner website above: utas.edu.au/_data/assets/pdf_file/0004/1324516/Fee-waiver-Eligibility-Requirements.pdf)

Partner Pricing

Postgraduate courses available with a partner price

To maximise your partnership benefit, please commence your studies with us at the **Graduate Certificate level***.
