INDIAN NEWS.

By the kindness of Captain Addison, the Signal Officer in charge of the signal staffs at Calcutta, we have obtained special and authentic information respecting a number of important events which have occurred in the East Indies, and which have a direct bearing on the situation of British India.

The news, coming through our diplomatic channels in London, states that the British Government has been informed by reliable authorities that a large force of European troops has landed in the East Indies, and that they are preparing to take the offensive.

The British Government has meanwhile taken steps to reinforce its forces in the East Indies, and to strengthen its defensive position. The British Fleet has been ordered to proceed to the East Indies, and to render every possible assistance to the British troops on land.

In conclusion, it may be said that the situation in the East Indies is critical, and that the British Government is fully aware of the gravity of the situation. Every possible step will be taken to ensure the security and safety of British subjects in the East Indies.
To the Editor of the Colonial Times.

Sirs,—Mr. Charles, of the Royal Hotel, votes highly of the town of St. John, New-Brunswick, as a place of residence and retirement. The place is very remote from the busy scenes of life, and is, as he says, 'a picture of nature unimpaired by touch of man.'

I have a great deal of confidence in the correctness of Mr. Charles's opinion, and I must say that I have seen nothing to the contrary. The town is situated on the banks of the St. John River, near the mouth of the Rocheboigue River, and is about 10 miles west of the city of Fredericton. It is a very pleasant place, with fine trees and gardens, and is well supplied with fresh water and good provisions. The climate is mild, and the people are polite and hospitable.

I have no doubt that Mr. Charles will continue to vote highly of the town of St. John, and I hope that he will have the opportunity to visit it again in the future.

Yours sincerely,
JAMES HAYDEN.
